Number: TIC2018-0002

Date: 04/24/2018

Title: Infinity / Evolution –B Software version 1.32

Infinity / Evolution Previous Controls version 14.02

Product Category: Communicating Controls

Products Affected

SYSTXCCITC01, SYSTXBBECC01
SYSTXCCITC01-A, SYSTXBBECC01-A
SYSTXCCITC01-B, SYSTXBBECC01-B

Situation

A new software update is available for OTA (Over The Air) update, as well as download from HVAC Partners and the consumer sites under the Downloads tab for both the –A and –B series controls. Updates are listed below:

Technical Information

Software Version 14.02 includes support for Variable Capacity A/C Outdoor unit.

Software Version 1.32 includes:

- Updates to improve the wireless communication protocols for better connectivity.
- Added support for Variable Capacity A/C Outdoor unit.

Updates are released for Over-The-Air update first, then posted to HVAC Partners and the consumer websites later. There is usually a 1-2 week lag between the two releases.

Only trained and qualified personnel should design, install, repair and service HVAC systems and equipment. All national standards and safety codes must be followed when designing, installing, repairing and servicing HVAC systems and equipment. It is the responsibility of the Dealer to ensure local codes, standards, and ordinances are met.
