Number: TIC18-0008

Date: 08/27/2018

Title: Infinity / Evolution –B Software version 2.00

Product Category: Communicating Controls

Products Affected

SYSTXCCITC01-B, SYSTXBBECC01-B

Situation

A new software update is available for OTA (Over the Air) update as well as download from HVACPartners and the Consumer sites under the Downloads –B series only controls. –A controls are excluded from this software update. Updates are listed below:

Technical Information

Software Version 2.00 includes:

- Improvements to Wi-Fi/server connectivity
- Correctly recognizes wired remote room sensor connected to Zone 1 via 4-zone control
- Improved validation for US and Canadian postal codes for weather forecast
- Corrections to info help text for various screens
- Various minor bugs corrected

Updates are released for Over-The-Air update first, then posted to HVACPartners and the consumer websites later.

Only trained and qualified personnel should design, install, repair and service HVAC systems and equipment. All national standards and safety codes must be followed when designing, installing, repairing and servicing HVAC systems and equipment. It is the responsibility of the Dealer to ensure local codes, standards, and ordinances are met.
